

Calibre Facility Services Ltd

Environmental Policy

Environmental Policy

The management system scope of Calibre Facility Services Ltd is to provide static guards and dog handlers. Calibre Facility Services Ltd is committed to conduct its business with respect and care for the environment.

The Managing Director is committed to providing the resources necessary to fully implement this policy which is guided by the requirements of the ISO 14001:2015 Standard and to achieve environmental best practice.

Our activities will be undertaken with consideration for the environment as part of the process to save energy, reduce consumption of non re-newable resources, prevent pollution and minimize waste.

In order to meet the above requirements, we will:

- Monitor our use of energy, transport and natural resources with a view to reducing our impact on the environment;
- Support process modifications that reduce waste, re-use and encourage recycling;
Maintain sufficient documentation to demonstrate our known level of compliance with all our environmental requirements;
- Work to promote positive environmental awareness, behaviours and actions;
- Comply with all applicable environmental legal requirements and recognise and comply with other relevant requirements which relate to our environmental aspects that may be placed upon us;
- Assess, in advance where possible, environmental impact resulting from our business operations and the environmental effects of any significant development and adjust our plans accordingly;
- Ensure that all incidents and non compliance situations are reported, recorded and root causes identified where environmental harm occurs or could have occurred and ensure that appropriate corrective actions are implemented;
- Demonstrate our commitment to continual improvement by using this policy as a framework for setting a programme of environmental targets and objectives for our activities and review the effectiveness of these using measurements on a regular basis;
- Communicate and display this policy document and provide the necessary information, instruction, supervision and training to enable all persons working on our behalf to fulfil their environmental duties. In turn, this policy document will be made readily available to all other interested parties and stakeholders.

This policy will be periodically reviewed and, where necessary, be subject to amendment.

The Managing Director has overall responsibility for setting this Environmental Policy and carrying out a review of our objectives to promote continual improvement of the Environmental Management System. The MD shall demonstrate a commitment to fulfilling its compliance obligations by ensuring this policy and the principles of 14001 are implemented throughout the business.
